

**Thank you for making a reservation with Oliver's! We look forward to seeing you.
Please review this information about your dining experience before you dine.
As always, any questions or concerns please call us at (716) 877-9662.**

Our expectations from our guests:

We ask that you kindly adhere to NYS guidance on facial masks.
Guests must have a mask on inside the restaurant any time they are away from their table.
We are permitted to turn away any guests who do not follow these guidelines.

We have allotted a specific time frame of a generous 1hr 30min for your reserved table.
Please be courteous in this time frame, as we may have guests joining us after you.

Please arrive promptly for your reservation,
although be advised we do not have any gathering area to wait in.

If your table is not ready yet, we will kindly ask you to wait
outside of the restaurant, or in your car, until the table is ready.

We will send you a text message when it is ready!
No waiting or having beverages at the bar before or after dinner will be permitted.

We strongly encourage you to review our menus on our website prior to dining with us.
This reduces waste in paper menus, as well as limits time interacted with others.
Full dinner menu, specials, desserts, and wine menu is available.

Please respect employees and other guests while in the building,
and maintain a safe six foot distance when possible.

What you can expect from us:

A safe, clean, sanitized environment is our number one priority.

All employees will be wearing appropriate facial masks.

We have dedicated staff members cleaning door handles,
restrooms, and areas throughout the restaurant on a timely basis.

Each time a table is used, the tables and chairs/booths are
wiped down and sanitized before a fresh linen tablecloth is put down.

Silverware, glassware, and other dinnerware is always given as needed.
Our level of service goes hand in hand with the guidance in place.

Consistent daily check ins with employees for any risk or sign of sickness before their shifts.
